

# **Tableau Assignment Instructions**

1. The attached file has all the available drinks from Starbucks and their respective nutrient components.
2. A health inspector would be visiting the office for inspection.
3. You are the Data Scientist of Starbucks, and you need to make a presentation and build a short story that drinking 1-2 cups of Starbucks coffee will not impact the health of an individual.
4. You can include data from sources other than the ones provided to you.
5. The presentation needs to be done on Tableau only.
6. Submit it in a PowerPoint presentation by 11/08/2022 at 11:59 PM.
7. Present it in Class on 11/09/2022.
